

Reduce Your ConEd Electric Bill

The Chinatown Partnership is pleased to present a unique opportunity for businesses and landlords to reduce their Con Edison electric bill by upgrading their interior lighting systems.

1: Change all your incandescent lamps to energy efficiency compact fluorescents for FREE.

Note: Free lamps are not available for table lamps or any lamp where the fixture is plugged into an outlet, for example, a floor lamp.

2: Change all your fluorescent 4 foot lamps and ballasts (where applicable) to a more energy efficient T8 Technology at a significantly reduced price.

If you have the following fixture type:	Retail Cost	YOUR COST	Annual Savings	Your Payback
1 - 4 T8 F32 Relamp from 32 watts to 25 watts	\$9.00 per lamp + installation	\$2.00 per lamp	\$3.50 per lamp	6 months
1-2 F40 T12 Lamp / Ballast Upgrade to T8 Technology	\$33.00 per fixture + installation	\$22.00 per fixture	\$16.00 per fixture	15 months
3-4 F40 T12 Lamp / Ballast Upgrade to T8 Technology	\$47.00 per lamp + installation	\$25.00 per fixture	\$18.00 per fixture	12 months

Note: Cost includes supply and installation during normal business hours. Customer is responsible for providing access to fixtures and disposing of all material.

Sign Up Today!

To participate in this opportunity to upgrade your lighting, simply complete the information below and fax this document to the Chinatown Partnership at 212-346-0698 or send it to the address listed on the reverse side of this form. Upon receipt of this document, we will contact you to verify your lighting data and provide the Con Edison Application and Installation Agreement. Please allow 6 to 8 weeks for processing.

Business Name _____ Contact _____

Address _____ State _____ Zip _____

Telephone _____

Estimated square footage _____

Reduce Your ConEd Electric Bill

About the Program

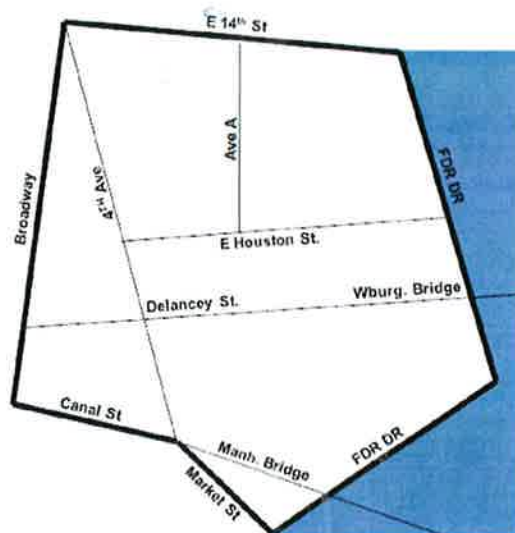

While energy efficiency and conservation play key roles in reducing New York's electricity demand, these efforts alone are not sufficient to help address New York's energy needs. As a result, Con Edison, your local utility provider, is offering a new program to encourage permanent electricity demand reduction. The Chinatown Partnership has partnered with ConsumerPowerline, a strategic energy asset management firm, and FSG, a leading lighting and electrical solutions provider, to present Chinatown businesses and landlords a unique opportunity to join this program by upgrading your interior lighting systems to more energy efficiency lighting. This could save you up to 20% on your monthly Con Edison electric bill!

What We Are Offering

- We will change your incandescent lamps to energy efficiency compact fluorescents for FREE
- We will change your fluorescent 4 foot lamps to a more energy efficient lamp for a significantly reduced price

Who is Eligible to Participate

- Business of any size and landlords
- Must be located in New York City's Avenue A Zone:

What Happens Once You Sign Up

1. Sign up today by completing the form
2. We'll contact you to schedule a time to visit your facility to count your light fixtures and bulbs
3. You'll be contacted for a pre-inspection
4. Once the pre-inspection is complete, we'll schedule and perform your lighting installation
5. Once the lighting installation is complete, you'll be contacted for a post-inspection to verify your new lighting installation and energy savings

Contact Lamgen Leon with any questions at 212-346-9288.
